Community-Wide Good Friday Service Set

THE SEVEN LAST WORDS spoken by Jesus while hanging on the cross will form the basis of the community-wide Good Friday service to be held Friday at the Lemon Grove Methodist Church from 12:00 noon until 3:00 p.m. These are the traditional hours in which Jesus suffered on the cross. For the first time in Lemon Grove, the churches of the community are uniting to provide this inspiring service.

The service is to be organized into seven periods of twenty-five minutes each, each period given to a different word. The various ministers of our churches will participate each one giving a brief meditation. There will also be special music and singing in each period. Throughout the service, there will be brief breaks between periods so people may come and go as they wish.

Ministers will speak in the following order: Rev. Don Coke of the Lemon Grove Methodist Church on "Father, forgive them; for they know not what they do"; Rev. Ernest Nichols of the Spring Valley Baptist Church on "Today shalt thou be with Me in Paradise"; Rev. E. Walter Smith of the Lemon Grove Congregational Church on "Woman, behold thy son: Behold thy mother:"; Rev. Bob Rochelle of the First Baptist Church of Lemon Grove on "My God, my God, why hast thou forsaken Me?"; Rev. B. G. Bronner of the Spring Valley Friends Community Church on "I thirst"; Rev. Don Tinsley of the Lemon Grove Community Foursquare Church on "It is finished."; and Rev. Orval Butcher of the Skyline Wesleyan Methodist Church on 'Father, into Thy hands I commend My spirit."

In the above photo, left to right are: Reverends Butcher, Nichols, Tinsley, Rochelle, Cooks and Smith. Missing, due to illness was Rev. Bronner.

The entire Christian community is invited to participate in this Good Friday service. It is the hope of the Ministerial Association that this may be the beginning of closer relationships between the churches in the future. Observing together the hours of Jesus' suffering upon the cross can serve as a time of deep reflection and self-searching for every Christian. "It is a time when Christians should be together in remembering their common Lord."

The Lemon Grove Methodist Church is located at 3205 Washington Street, just south of the Golden Avenue-Washington Street intersection. Again, the community is cordially invited.

'TWISTER' SMACKS LEMON GROVE HOMES

A "young twister" hit Lemon Grove Tuesday afternoon and uprooted trees, denuded roofs and bent double more than 150 tv antennas.

The heavy gust hit the community at approximately 4:10 p.m. during a rainstorm and followed a southwest to northeast direction. Wind velocity was estimated at 45 miles an hour during the gusts.

Jerry Howell, a local teevee technician, said that his firm, CP Appliances, had been busy since Tuesday afternoon answering service calls on wrecked antennas. He said an estimate of 175 wrecked antennas would be a fair guess. Edna Snyder, operator of Lemon Grove Radio and Television Co., estimated about 150 wrecked masts. Both said they had been continuously busy on mast repair since Tuesday afternoon.

The storm, which U.S. Weather Department Meteorologist Andy Anderson described as a "squall, or a young twister" knocked down the chicken cages of 4-H winner Mike Knapp, of 6997 San Miguel. Mike said he had 140 chickens being groomed for summer contests. Some of the birds have disappeared. The Knapp phone was knocked out and the damage was reported by a neighbor, Mrs. J. F. Winans, of 6984 San Miguel.

From Knapps, the storm jumped to the school yard of the Lem-

Three Services At Methodist Church

To assure enough space for all who wish to attend, the Lemon Grove Methodist Church will conduct three worship services on Easter Sunday, according to Rev. Don Cooke, minister. The similar services will be held at 8:15, 9:30 and 11:00 a.m. The newly organized Junior Choir under the direction of Mrs. Marguerite Hensley will sing the entire first service. Special music will be provided in the second service, and the Chancel Choir will sing the third service. New people will be received into membership.

Reverend Cooke will preach at all three services on the theme "Jesus Christ Is Risen!" The text will be taken from Luke the twenty-fourth chapter, the story of Jesus walking with some of his disciples along the road to Emmaus following his resurrection.

Full church school classes will not be held on Easter Sunday. All Nursery and Kindergarten boys and girls, however, will have classes at 9:30 as usual. Boys and girls of primary age or over are urged to bring their parents to church with them for the 9:30 worship service.

Parents of Junior Choir members will attend the 8:15 service thus helping to balance the attendance among the three services.

The Lemon Grove Methodist Church is located at 3205 Washington Street, just south of the Golden Avenue and Washington Street intersection. The community is cordially invited to worship with this church.

Church Choir To Be Featured This Week

The "Seven Last Words of Christ" by Dubois will be presented this week by the First Congregational Church Choir of Lemon Grove on Thursday at 7:30 p.m. in the church sanctuary. Robert Boucher will direct. Soloists include Jane Bush and Eleanor Englestad, sopranos, Gerry Shirkey, tenor and Warren Peterson, baritone, Mary Ann Price will play organ and Valeria Maschner, piano. Jane Bush has sung the lead in several operas. She attended Louisiana State on a 2-year Rotary Club scholarship. Eleanor Engelstad is a well known leader in church and school activities in our community. She was heard in Clokey's "Word Made Flesh". Gerry Shirkey, regular soloist at the First Presbyterian Church of San Diego was the winner of the 1957 San Francisco regional opera auditions. He is known for his leads with Starlight Opera and as soloist for San Diego State College productions. Warren Peterson, baritone, is a soloist at the East San Diego Presbyterian Church.

Rev. Walter Smith will serve communion at the conclusion of the presentation by the choir.

Sunrise Service Set For Mt. Helix

Sunrise services will be held on Mt. Helix Easter morning at 5:30 according to Lester Freeman, of La Mesa, in charge of the event.

Services will be conducted this year by Rev. Kenneth Miller of the La Mesa Methodist Church.

The Grossmont Red Robe Choir under Merle Donohue will provide the musical background.

Driver Goes Thru Stop Sign And Building Wall

A newly erected "stop" sign at the intersection of Imperial and Grove Streets and a rain-storm figured in an accident Tuesday morning in Lemon Grove.

Elizabeth Jean Blundell, 26, of 1815 Ensenada, Lemon Grove drover her car partially through the wall of a building at the southwest corner of Grove and Imperial when she failed to observe the newly erected sign, Highway Patrol officers said. The sign had been up approximately a week.

She first collided with the auto being driven by William Robert Clark, 38, of 6193 Wunderlin Drive, San Diego. Mrs. Blundell was taken to her private physician in an ambulance. She suffered a head injury. She was also charged by CHP with failing to stop. Both cars were severely damaged. The Blundell auto penetrated the wall of the building owned by Gregory Lambron by about three feet making a hole about three feet square.

Penalties To Be Sought On Tardy 1911 Project

SAN DIEGO (CNS) — Due to difficulties in getting the Spring Valley Sanitation District sewer line and sewage disposal projects completed on time, the County is going to attempt to find a way to penalize tardy contractors under 1911 improvement act projects.

Supervisors turned over to the County Counsel a request for a study made at the suggestion of Director of Public Works Jean L. Vincenz. Vincenz asked for the study in advising Supervisors to deny the plea of Dorfman Const. Co. for an extension of time on its improvement district job for the Spring Valley Sanitation District.

"We're at our wits' end to get some control over this kind of work," Vincenz said. He declared the contractor had started on the project 54 days after he was supposed to and deserved no sympathy.

Vincenz said that the same kind of trouble was going on in a Cardiff Sanitation District project.

"The Cardiff situation is deplorable," interrupted Supervisor Chairman, Dean E. Howell.

"It's worse than deplorable, which is why I want to get together with the County Counsel to see if there isn't some way we can control these contractors," answered Vincenz.

Penalties are provided in other contracts, but not in 1911 improvement district projects. On the Spring Valley Sanitation District's sewage treatment plant, the contractor, Ted R. Gregory, has already paid close to $10,000 in penalties because of failure to complete the job when he was supposed to. But his was not a 1911 job.

The Dimmer VIEW

BY MAX GOODWIN

There is a moral somewhere in a small story that started last year at Easter.

At the second service of the Lemon Grove Methodist church during one of our rare rainstorms Rev. Don Cooke had turned to the crucifix at the climax of his sermon with an impassioned plea that the Lord give some word.

As he did, a tremendous clap of thunder pealed out and the congregation stirred uneasily.

Last week, a group of us was visiting Rev. and Mrs. Cooke in their new parsonage and the conversation turned to last Easter's service and the unusual timing of the thunder which made it sound almost like a word from Heaven.

"What did you think when the burst of thunder came at the end of your sermon," we asked him.

"I was scared," he said simply.

The first day the county road department opened the new, wide and smooth Grove Street (1,000 feet long) a shaggy white dog became a traffic fatality.

Progress is not without penalty.

My Column on Skates we described as a disfranchised union laborer brought a sharp reaction from some of our readers. It also brought a shrap reaction from Hod Carriers' Building and Common Laborers' Local number 89.

Three executives of this group converged on my office to tell me (1.) That they had no record of a man named Skates ever having applied for membership in their union; (2.) that a newly joined union member does not lose his job to a brother with more senority, and (3.) that Local 89 is even paying the per capita International dues to help some the their members through their trying times.

I told John P. Felix, president;

S.V. SLAYER SUSPECT CLAIMS INSANITY

Wallace Clayton Hakes, 40, an aircraft worker, Monday pleaded innocent and innocent by reason of insanity to charges that he murdered his former wife's escort at Spring Valley.

Superior Court Judge Hewicker appointed two phsychiatrists to examine Hakes preliminary to his trial April 30.

Hakes, who had been living in his car after returning from a trip to Mississippi, is accused of the February 24 shooting of Paul W. Jones, 40, a garage worker, of 6160 Dalhart St., Lake Murray Manor, La Mesa.

A divorce decree obtained by Hakes' wife, Lou Ella, 32 of 8615 Lamar St., Spring Valley, became final in October. Mrs. Hakes was quoted by deputy sheriffs as saying Hakes followed her and Jones home from a drive-in theatre.

Valley Contractor Convicted Of Grand Theft

A Spring Valley contractor, James Dahl, 36, of 10703 Eureka Road, was convicted Tuesday of grand theft.

He had been charged with dissipating $12,000 entrusted to him by the widow of a Coronado Navy officer.

The widow, Mrs. Sally J. Murphy had given Dahl $12,000 with which to pay subcontractors and material suppliers for a home she was having built at 800 Glorietta Blvd.

Deputy District Attorney Sam Cerniglia said Dahl's operations left Mrs. Murphy with $12,000 in liens against her property. This is in addition Cerniglia said, to a $16,000 loan against the home and $4,000 Mrs. Murphy gave Dahl.

Mrs. Murphy testified she planned and built the house as a memorial to her late husband, Capt. John Edwin Murphy, USN, who was killed in an auto accident in 1946. It faces Capt. Murphy's last shore command, the Naval Amphibious Base.

Mrs. Murphy said she saved for more than 10 years and that the lot was chosen by her husband "for our dream house after his retirement."

Superior Court Judge Mahedy, who heard the case without a jury, set Dahl's probation hearing for April 22. Dahl is free under $1,000 bond.

County Taxes Due Ahead of State And Federal Taxes

County Tax Collector Wilbur Easton said this week that the second installment of 1957-58 real property taxes becomes delinquent April 10 at 5 p.m.

Easton said that emphasis will be on Federal and State Income taxes and their April 15 deadline and because of this, confusion may exist on the due date of county taxes on real property.

Payments, says Easton, should be mailed prior to the 5 p.m. April 10 deadline to avoid danger of penalty.

Fashion Show Enters Second Week

The second in a regular series of style shows will be held this week at Michael's on Friday.

Mmes. Robbie Kraft and Barbara Cohenour, local clubwomen and professional models produced their first local show last week and the sponsors and patrons acclaimed it "swell".

The shows are informal in nature and four models stroll between the luncheon tables at Michael's each making five changes.

The producers said they feel local styles were varied enough to be home sponsored and such a show held should convince style-conclous women that all wanted fashions are available in Lemon Grove.

"We want to keep the business at home," they said.

Current sponsors include Helen Gauldin's Style Shop, Marsi's Store for Women, William's Department Store, Patricia's and Michael's.

The show is a public one and no charge is made to luncheon patrons.

Candidate For Judge Proposes Night Traffic Court

A plea for voters to defend their rights to vote for judges was voiced at the Lemon Grove Men's Club Friday by Howard A. Muhleman, candidate for judge of San Diego's traffic court. He will oppose L. N. Hussey, present judge.

Muhleman, San Diego city prosecutor from 1952-54 said that unless candidates file and become involved in vigorous campaigns, danger of rubber stamp balloting will follow.

Only two judges (Brennan and Glenn) have had opposition in recent years, he said. By discouraging opponents, the supervisors in effect are stuffing judges down the throats of the voters.

Muhleman said the consolidation of Lemon Grove's Court with the San Diego Municipal Court clogged rather than eased the crowded court calendar situation. "We need more courts, rather than less," he told the club.

He said that many drivers would find their linceses suspended after four charges because they can't afford to lose a days wages on each of two days to defend themselves.

"If I am elected we will have night court." Muhleman said "so that drivers will not have to give away their rights."

The Men's Club meets every Friday at noon at Michael's in Lemon Grove.

HID Has It Beat For '58 Water

Helix Irigation District reports that as a result of the recent rains, there are 2,090 acre feet of water in storage in the District's Cuyamaca Reservoir, compared to 265 acre feet for the same period last year.

The District estimates that there is 11,180 acre feet of water in storage in all of the District reservoirs. This storage figure, plus an estimated 10,000 acre feet of Colorado River water available from the County Water Authority's aqueduct will provide about 21,180 feet to meet the District's needs for the remainder of 1958. Estimated use for the same period is figured at 16,130 acre feet, leaving approximately 5,000 acre feet in storage at the end of the year.

Though District officials are very pleased with the water prospects for 1958, they still want to emphasize that unnecessary water use must be avoided.

Business Women To Install Mrs. Ellis April 12

The Lemon Grove Business Women's League will have an installation dinner-dance April 12 at Michael's and all former members, present members and future members and their friends are invited to attend.

Festivities will commence at 7 p.m. and dinner menu offers choice of chicken, steak or prime ribs.

Te be installed are Dorothy Ellis, president; Doris Chapelle, vice president; Ruby Thomas, treasurer, Edna Weaver, recording secretary and Ava Constant, corresponding secretary.

Ethel Oyler is to be intalled officer and program will be built around the club's tenth anniversary.

Reservations may be made through Dorothy Louer at HO 9-8665 or Edna Weaver at HO 3-1735.

EASTER SUNDAY SERMON EVIL'S UNREALITY

Biblical accounts of the conflict between good and evil and of the eventual triumph of good are discussed in the Easter Sunday Lesson-Sermon titled "Unreality" to be read in all Christian Science churches on Sunday.

The Golden Text from Job (35:13) pinpoints the subject: "Surely God will not hear vanity, neither will the Almighty regard it."

DICHONDRA LAWNS

Anytime between now and the 1st of June you can put in a dichondra lawn.

The preparation of the soil before planting a lawn is the most important operation of all. And besides working into the soil some bone meal (about 50 pounds per 1000 square feet), I always recommend using agricultural or soil sulphur, 25 pounds to that 1000 square feet, to me, impregnating agricultural sulphur into the soil prevents more Brown Patch than you can ever possibly prevent by later spraying your lawn. It's not a bad idea to give that soil a little iron for immediate use. . . . about 10 pounds to the 1000 square feet. Rake these materials until they're thoroughly mixed with the soil, and until the soil itself is a very fine texture. Then you are ready to do re-seeding and planting.

I have a very fine bulletin on seeding, planting, mowing and general care of dichondra lawns. And it is free on request.

LETTERS TO THE EDITOR

Dear Editor:

Several legislators have recently stated that Taxpayers do not complain about increases in the budget. Pressure groups are quick to protest when attempts are made to cut their projects out of the budget. The result is ever mounting taxes. To show our desire for reduced spending, the Mountain Valley Taxpayers Association recently directed their secretary to write to local and Federal representatives from our area.

We asked our legislators in Sacramento to introduce no bills until they had been carefully studied. Pressure Groups demands for public funds for ill-advised projects should be resisted. We asked that our resources be conserved, so we may meet the challenge of the forces behind the Iron Curtain.

On the national level, we asked that the recommendations of the Hoover Commission be heeded. We requested that Foreign Aid be denied to those countries dominated by Russia. We stated our belief that all groups using public funds should account for every dollar and that the people should know just what the money has been spent for. We stressed the fact that thrift for the individual means spending less than he earns. A government cannot depart from that principle without courting disaster.

If taxpayers would rise in their might and demand ECONOMY, a reduction in the Budgets would soon result.

Sincerely,
Mrs. Lucy Martin,
President of Mountain Valley Taxpayers Assn.

"NAIL PRINTS"

On Good Friday we will take time to meditate upon the death of Jesus Christ upon the cross. Nails pinned Him to the cross, because He took our condemnation upon Himself. He experienced the excruciating pain of crucifixion plus the spiritual agony which was due to man. He paid the price of our redemption from sin and eternal death in full. He showed the marks to His Followers after the resurrection. He alone bore the marks for all mankind. He alone paid the price. He alone offers the free gift of salvation to all who will receive it as a free gift.

Mrs. Seymour Robinson Falls In Open Ditch

Mrs. Betty Seymour Robinson of 10096 Casa de Oro Boulevard, in Casa de Oro, reported Saturday she fell in an open trench left by the Chas. J. Dorfman Construction Co., on Del Rio Road, near Sweetwater Springs Blvd., the night of March 26. It was about 9 p.m. and she was heading for her parked car after visiting the Clyde Douben family on Del Rio Road. She said there was no light at the ditch and the barricade was not set up at the spot where she fell in.

Mrs. Seymour said she must have been knocked unconscious and didn't know how long she was there before she started calling for help. Two men, Bill Looney of 3428 Harmony Lane and Lt. Commander (U.S.N. Ret.) Ross Miller of 3424 Diversion Drive, were on they way home when they heard Mrs. Robinson's cries. They pulled her out of the ditch.

Mrs. Robertson said she went to her doctor and he took X-rays. She said she was bruised about the face, on her ankle and on one arm.

Mrs. Robinson is secretary of the Spring Valley Chamber of Commerce.

Writer-Artist Passes In Valley

Funeral services were held March 29 at Erickson-Anderson Mortuary for Mrs. Ethel G. Bailey, 77, of 9720 La Mar Street, Spring Valley, who passed away at her home on Tuesday of the same week. Mrs Bailey, who was born in Denby, Vermont, was a pioneer of San Diego County, and was well known as a writer and artist.

Mrs. Bailey' grandfather, Theron Parsons, was responsible for planning part of National City, and it was there Mrs. Bailey and her family moved before the turn of the century. She was a member of the graduating class of 1900, at the old State Normal School at Park Blvd. and El Cajon Blvd. Later she taught elementary school in the Hillside area.

Clinton Bailey, who founded the Palomar Lodge at Mt. Palomar, became her husband, and she helped him operate the Lodge from 1910 to 1920, and then the Rincon store, at Rincon Springs, for 10 years. She was best known in this area as being the librarian at La Mesa, from 1930 to 1940. After retiring from the library, she wrote articles for magazines and did painting.

Mrs. Bailey is survived by five sons: Edwin of Spring Valley, David of La Mesa, Theodore of Lakeside, Burton and Robert of San Diego; a brother, Theron Griffith of San Diego; and 10 grandchildren.

Jobs Daughters List Activities

Lemon Grove Bethel 229 of Job's Daughters has seen a busy term under the present queen, Karen "Bunny" Wrede. Activities which have been sponsored by the bethel thus far have been: a miniature golf party, skating party, seeing "Around The World in 80 Day," mother-daughter birthday party, chuck wagon dinner, rummage sale, selling gummed name labels, and having two initiations.

The last initiation was held at the March 19 meeting. The girls initiated were: Judy Peirce, Karen Hansen, Cindy Wilkinson, Donna Fristo, Patricia Ames, and Mary Ellen Thomas. Three girls transferred from another bethel: Peggy Nelson, Georgia Peak, and Ethelinda Peak. It is the hope of all members that all these girls will profit from their membership in "Jobbies."

Linda's Open On Broadway

Parker's Sportswear, 7931 Broadway, was purchased last week by Linda's, a firm specializing in medium price, high fashion women's outer wear.

The firm is operated by Barbar Prouty and Norma Leonard who operate similar shops in La Mesa and Chula Vista.

The women said they would handle nationally known brands of women's wear in sizes 6 to 18 and other departments would be added in the near future.

THE SKYLINE WESLEYAN Methodist Church is a beehive of activity as Pastor Orval C. Butcher, left and members and friends of the church join together on afternoons and Saturdays to erect a two-level wing on the present Religious Education Building.

The patio area will be roofed to create a general assembly area, to be used as a dining room or three classrooms, each with outside exits. This division will be possible by the use of pleated plastic partitions, which fold back into the walls when not in use. The basement for the Youth Fellowship Hall will also have a fireplace.

This new addition will raise the service capacity to approximatey 450 people. Sunday School classes are now being housed in 3 neighboring garages and living rooms of 3 homes, besides the church.

The first work meeting of the Wesleyan Men was a good beginning with 20 men out to work most of the day. The Women's Missionary Society is sharing the task by providing hot lunches each Saturday.

Other features are: more parking space, recreation facilities, for basketball, volleyball and soft ball, and an outdoor barbeque.

Completion is expected in July.

NAVY NEEDS NURSES

Navy Recruiters in San Diego today, cited the Navy's continuing need for nurses by pointing out that approximately 2,000 Navy Nurses care for more than 14,000 people daily in naval stations around the world, at sea in hospitals ships and transports, or during flights in military hospital airplanes.

The demands of the Navy Nurses are not necessarily confined to patient care alone. An important part of the nurse's duties is the training of the young men and women of the Navy assigned to hospital corps. Also, she must keep up-to-date on the newest techniques that the atomic-air age has introduced.

VOGUES 'EASTERIZE' REST HOME

Easter was brought to the Cresta Loma Rest Home on Palm Avenue by members of the Vogue Section of the Lemon Grove Womans Club Friday afternoon. Under the leadership of Mrs. James Grandfield, members presented the retired residents an Easter party featuring small decorated cakes, ice cream and favors. A basket of spring flowers was also given by the club. Assisting Mrs. Grandfield were club chairman, Mrs. James Setchell, Mrs. F. Schuller and Mrs. Harold Wolfarth.

Sylvia Diane Sutorus, 18, of 7855 Sanford Dr., is the first candidate for Lemon Grove's Fairest title. The contest, to be held Monday, May 21, is sponsored by the Lemon Grove Kowanis Club.

Additional entries are welcomed, the club reported. Single girls, between the ages of 17 through 22, who are bonafide residents of Lemon Grove are eligible. Entry blanks are available from John Dail, Kiwanis Beauty Committee.

The winner here will receive an Elon of California swim suit and trophy.

The Fairest of the Fair and Miss Con-Tour will reign over the 19th annual Southern California Exposition and County Fair at Del Mar, June 27 through July 6. She will be selected from 19 community winners June 1 at Marine Corps Recruit Depot.

She also is hostess of the San Diego County Convention and Tourist Bureau, and is this County's representative in the Maid of California pageant sponsored by the California State Fair at Sacramento.

Doyle, Robeson Lose In S.V. Fire Race

Election day has passed for most county fire districts. In Lemon Grove no election was held because no one filed for office and the three incumbents won by default.

The incumbents and newly appointed commission includes Hank Ruolo, Michael Calderone and Tom Parsons.

In Spring Valley, Keith Curtis and Stanley Totten, both incumbents, were reelected commissioners. John F. Elliott, Leland Whitted and Arthur Uecker were elected. Andrew Doyle, incumbent, George Robeson were defeated.

☆ "Patience," says Rosseau, "is bitter, but its fruit is sweet.

Quarter-Midget Races Come To Lemon Grove

Quarter-midget racing opens April 13 at the Lemon Grove Rodeo Grounds Speedway.

Races, in which youngsters 4 to 12 years old will compete in specially built "racers" will be run on alternate Sundeys. Time trials will be run at 1 p.m. and the races get underway at 2:30.

According to Harry Wilson, past president of the College Center Optimist Club which is sponsoring the track ad races, the entire operation will be turned over to the Lemon Grove Optimist Club next year. He said that similar tracks are attracting 2,000 to 3,000 persons on race days. Admission, he said, is free.

The racers may be built or bought my parent of the drivers. In some cases firms and organizations supply the autos which are powered by one cylinder-two horse power motors.

The Rodeo Grounds are at the intersection of Broadway, Imperial and Sweetwater Road on the St. John of the Cross church property.

Ranibow Girls At Long Beach Convention

Lemon Grove's delegates to Grand Assembly, Order of the Rainbow Girls, convening in Long Beach Easter week are Sharon Sanders, Nadine Westcott, Celeste Loustalet and Lynne Tristram. They were accompanied by Mrs. Lillian Gaynes, mother advisor, and Esther Wagness, grand deputy.

Recent activities of the local Rainbow group have included the exemplification of the formal initiation ritual before the members of San Miguel Chapter, Order of Easter Star, at the regular meeting of this organization on March 26.

On March 15, a "joint meeting" was held between girls of Lemon Grove Assembly and members of La Mesa Demolay. Games and dancing were enjoyed.

A pot-luck supper for parents and girls was held before the regular meeting on March 22. The occasion was also marked by a birthday surprise honoring Mrs. Esther Wagness, grand deputy for this district.

Plans are now being formulated for a ham dinner to be given, April 19, in Friendship Hall. This will be open to the public with serving hours between 5:30 p.m. and 8 p.m. Tickets are $1.25 for adults and 75 cents for children. An additional feature will be a side table of bazaar items.

Recent initiates into the Rainbow Assembly have included Pat St. Romaine, Teri Kuhn, Geraldine Goetsch and Nancy Steiding.

TWO ZONE VARIANCES REJECTED

SAN DIEGO (CNS) — Two Lemon Grove applications for zone variances were turned down by the County Planning Commission at its Friday Meeting.

Mrs. W. L. Bice failed to get approval for her plea for a reduction in her rear yard area from 25 to 17 feet so that she could have a duplex on her property at 7389 Waite Dr. Appearing for her was J. Allen Davis, who told the commission Mrs. Bice needed the duplex to obtain additional income.

The commission also denied the request of C. E. Curley for a reduction from 50 feet from the centerline of the street to 45 feet, 8 inches. Curley asked for the variance so he could add five feet to the front of his house, at 2951 New Jersey St.

Both the Bice and Curley applications were recommended against by the county's planning staff.

'Twister' Smacks L.G. Homes

on Grove Junior High. It demolished a carpenter's shed with almost explosive force. No one was injured. It jumped to the neighboring residence of Mr. and Mrs. E. Stanglewicz, at 3205 Acacia, tearing down a school fence enroute. It demolished their carport and patio. It also tore the shingles off the roof of their home. Mrs. Stanglewicz said that it lifted cement blocks from a patio wall and caried them to a neighbor's yard.

The rear roof of the home of C. F. McCabe, at 8075 Golden Avenue was almost denuded of shingles. The tv antenna was twisted double. Shingles were spilled out into the street.

Across from McCabe's home, the wind whipped down five old trees in the yard of Mrs. Paul Fellows, at 8080 Golden. The trees uprooted were within 100 feet of each other and within 50 feet of her home. He home and other trees were apparently undamaged.

It also knocked out electric service in part of the Grove around 8 p.m. Tuesday. Scores of other residents reported shingles off, fences blown down and tv antennas bent double. Trash and garbage cans and windows blown out were also reported.

Street Improvement To Aid Little League

SAN DIEGO (CNS) — Expenditure of $1,102 for realigning Nichols street, Monterey Heights Park, to aid establishment of a Little League baseball field, was approved by Supervisors Tuesday.

The plan was chosen over one calling for widening of the street in its present location, at a cost of $7,525. Joseph H. Mack, road commissioner, told Supervisors the road would be moved north 60 feet, with the 40-foot roadway width of the old right of way providing two lanes of parallel parking.

Should additional parking be needed, Mack said, provisions should be made for street parking sites instead of widening Nichols to the 80 feet now contemplated.

In the immediate area they are: Coronado, Oceanside, El Centro, Banning, Riverside, Laguna Beach and the Los Angeles area.

Kiwanis Club To Help Get-Out-The-Vote

The Kiwanis Club of Lemon Grove wil spearhead a "learn the issues, register, and get-out-the-vote" campaign for this year's election called Ballot Battalion, it was announced today by Thad Butts, club president.

The Ballot Battalion, which is strictly non-partisan, is being carried on by many of the 4,500 Kiwanis clubs in the United States, and Canada. Butts pointed out that Ballot Battalion campaigns in the past have contributed materially to large turnouts of voters. In Los Angeles and Miami, a good portion of the credit for the 1952 record turnouts of voters went to Ballot Battalion activities.

Mrs. June Honn, of the Mt. Miguel P-TA, who did publicity for the recent "Swap-meet" at the school, said that although the meet was not a big success financially, it did create enough interest to merit another couple of meets.

Dimmer View

(Continued)

R. R. Richardson, head business representative, and Frank Benuelas, secretary and treasurer of Local 89, that I would record the fact that they had paid my office a visit and that I would report what they said.

The men said they were particularly interested in clearing the air in the interest of unions right now because so much adverse publicity has been appearing in the press at the present time.

Lemon Grove had $70,000 of sales tax money earmarked for a new county library scheduled to be built on Central Avenue opposite the firehouse on a corner of land given to the community by the Sonka family.

These plans have been cancelled by the Legislature which ruled that libraries could not be built from general funds where sales tax money first, and necessarily goes.

Imperial Beach likewise found itself in a library bind but they approached the supervisors from a different tack. They induced a local contractor to erect a suitable building for lease to the county for library purposes.

The tax rate of 7c barely covers the cost of library operation says Supervisor Bird. Only way we could build a library in Lemon Grove is to raise the county library tax rate all over the county.

"I can hear the howl now if we'd ask taxpayers in La Mesa, El Cajon, Imperial Beach and all the rest of the incorporated areas within the Library District to double their library tax rate to build a library in Lemon Grove."

Says Bird: The answer is for some enterprising citizens to convince a Lemon Grove contractor-investor to do as they did in Imperial Beach. Alternative, says he, is to get legislation for advancing general funds money for library purposes to be amortized over a long period of time as could be done prior to last fall.

LOMITA VILLAGE NOTES

by Edna Rice — HO 9-6832

Let's all go to church on Easter. Pastor Butcher extends victorious greetings to the community surrounding Skyline Church on the Day of Resurrection of Our Lord.

◇ LOMITA VILLAGE ◇

We have observed all this new flurry of activity at the intersection of Skyline and Jamacha. Skyline Wesleyan is building again. Seems like it was only yesterday that handsome big church went up. And now they're adding a new Sunday School building, with all the things that our Lomita kids need so much—basketball and volleyball courts, a ball field . . .All the labor is volunteer work. And who grabs the biggest spade and shovels like crazy? You bet! Nobody but the Pastor, himself. He's no slouch when there's work to be done.

◇ LOMITA VILLAGE ◇

Those enterprising teen-agers, the Maranathans, are getting their new jackets—real sharp, powder blue trimmed in red, with the lettering indicating a car club for safe driving. The youths meet weekly. Our hunch is that, a few years hence, they will be a great power of good wherever they may be.

◇ LOMITA VILLAGE ◇

Rev. Edward Burgess of the First Baptist Church of Encanto extends warmest Easter greetings to the neighborhood.

"The Resurrection Body" will be the sermon topic at the Easter Sunday Worship service at the First Baptist Church of Encanto. The new church which was completed last November extends a warm welcome to all in the community to come on Easter Sunday and worship.

Sunday School starts at 9:30 a.m., Morning Worship 10:55 a.m., Evening Worship 7:30 p.m. The church is located at 7166 Jamacha Road.

◇ LOMITA VILLAGE ◇

St. Patrick's Sodality, St. Margaret Mary's Sodality, and the Legion of Mary of Lomita Village, speaking for St. Rita's Church, wish a Blessed Easter to all.

Mrs. Ray Hensell announces that St. Margaret Mary's Sodality is in charge of the Altar Society refreshments for the month of April. Mrs. Charles Chase announces that St. Patrick's Sodality has charge of the altar care for April. A recent meeting of St. Patrick's was held at the home of Mrs. Richard Wengert, 8246 San Vicente Street.

◇ LOMITA VILLAGE ◇

The Wengerts have had as a recent house guest Mr. Wengert's mother, Mrs. Robert Wengert, from Sioux Falls, South Dakota.

◇ LOMITA VILLAGE ◇

Lomita Village welcomes a new resident, Baby Charles Francis, born recently to Mr. and Mrs. John Abs, 734 Bonsall Street. Mrs. Abs is a member of St. Margaret Mary's Sodality. Little Charles Francis couldn't have a better community to grow up in. We have one of the best schools in the area; we have all the joys of country living plus the advantages of the city.

◇ LOMITA VILLAGE ◇

Mrs. Dell Dickinson announces that the Junior High Girl Scout Troops from Lomita Village, Lemon Grove, and Encanto are planning an encampment in the Cuyamacas for May 2nd, 3rd, and 4th. A trial encampment will be held April 12th. About 200 girls will participate.

Mrs. James A. Kelsey's Troop 1307 hiked to Encanto Park on Monday, where they met the Valencia Park Troop for a Fun Day. Refreshments of nose-bag lunches were enjoyed.

◇ LOMITA VILLAGE ◇

Congressman Pays Visit To Canaveral

Our U. S. Congressman, Hon. James B. Utt, went to Cape Canaveral recently to witness the firing of a Vanguard missile, his reaction, in layman's language, we think, makes an interesting study.

by Congressman James B. Utt

Over the past two week-ends I have had the opportunity of visiting some of our major defense installations. The Navy Department took a small group of Congressmen to Cape Canaveral to witness the firing of the Vanguard. However, due to some technical complications and the weather, we were disappointed. The count-down had been going on for six hours, and reached a minus 35 seconds when the fog completely enveloped the site; even cameras close to the launching site could not see the missile, so the firing was called off for that day. There are about 37,000 component parts to the Vanguard, and on a mathematical basis, if any part failed once in 100,000 times, it would mean a possible over-all failure of one out of every three firings. As complicated as this missile is, it was rather refreshing, as we approached missile pad, to hear a workman call from the fifth deck, "Joe, send me up a screw driver."

After the firing is called off, should there be much delay, the count-down cannot start at the point where they left off, and usually returns to a six-hour countdown. This is necessary because the liquid oxygen, which is one of the component fuels, has a temperature of 300 degrees below zero, and if it is left in the missile for more than five hours many moving parts are made inactive. One of the other component fuels is nitric acid, a very highly corrosive substance, and very long time, consequently, the fuel tanks have to be emptied and refilled on the next count-down.

As you already know, a successful firing of the Vanguard was made a week later, and our second satellite is in orbit with both radios functioning beautifully. We will have six or more satellites in orbit this year, bringing much valuable information on the Gamma ray and other cosmic data which will be highly important to space travel for man. America will have a human being in orbit before the end of this calendar year. The return to earth of such a high-speed missile will be accomplished by devices which will gradually slow it down as it penetrates the heavy atmosphere. The Vanguard was built by the Glenn L. Martin Company, and I am sorry that our former Santa Ana resident, Glenn Martin, passed away some three years prior to its launching.

We visited several other missile pads where the Jupiter and the Atlas were in preparation for firing. Consolidated Aircraft in San Diego and Douglas Aircraft in Long Beach are the missile designers. While we were there the Snark, which is a guided, jet-propelled missile, was launched. This missile is designed for fairly low altitudes, 40,000 to 50,000 feet, with a speed just under 700 miles an hour. It was fired at a target area. It makes a programmed flight with instruments taking readings from the stars and automatically resolves its navigation problems.

We, who are used to the shooting galleries on the Long Beach pike, can hardly contemplate a shooting gallery 5,000 miles long. The Air Force maintains tracking stations over this 5,000 mile course, located on islands and on ships stationed along the route. We had the privilege of inspecting some of these tracking stations. Beside being tracking stations, some of these installations are carrying on a very highly classified mission; so much so, that less than 20% of the personnel on the station know its purpose.

In spite of the fact that the Russian Sputnik was placed in orbit a few months ahead of ours, there is no indication that our air and missile program is behind that of the Soviets. The very fact that Russia has not placed a satellite in orbit since December of last year indicates that they have encountered serious difficulties. Of course, their operations are so secret that information is not available, while our testing is visible to thousands of people in the area.

EARLY SHOPPERS AT THE NEW STAN'S MARKET included Mrs. E. G. Cant and daughter Joyce of 10516 Rancho Road. "It's a grand market" said the Cants.

The opening was a grand success according to market owner Stan Totten. "We didn't get the parking area paved because of the prolonged rainy spell but a few days of clear skies will help us overcome that", he reported. He said that his confidence in the community was more than justified by the response to his opening announcements. — Tappy Foto

Speaker Sees Higher Salary Need For Attracting Teachers

"In order to meet the ever-growing competition for young, able persons the teaching profession must necessarily pay professional salaries for professional services rendered," William Ramsey, president of the Grossmont District Teachers Association, told the Lemon Grove Review.

"This compelling need involves an immediate higher salary structure for teachers in the Grossmont school district," emphasized teaching profession may be attributed simply to the fact that capable young are able to earn more money in other capacities.

"One clear indication of need is seen in the fact that California presently has approximately 100 thousand fully credentialed teachers who are not presently teaching school," indicated Ramsey, who further clarified the seriousness of the problem by stating that "California will need 1700 teachers each year for the next fourteen years, merely to fill the gap, not to assume positions created by the constant increase in population."

Quoting a report prepared by the research department of the California Teachers Association, Ramsey said that much of the increases in teachers' salaries over the past few years has been absorbed by increases in the cost of living. The median beginning salary for fully credentialed teachers in Southern California (for the school year in 1957-58) is $4,350. This is $1,090 less than the average starting salary paid a college senior graduating with a B.S. in engineering.

SCHOLARSHIP POLICIES TO BE SET BY HIGH SCHOOLS

Schools of the Grossmont Union High School District are forming scholarship policies through the Administrative Council and through a committee made up of counselors and administrators. Under discussion at present are such ideas as that scholarships should not be a matter of pressure for money for outstanding students alone, but that emphasis should be placed on the honor.

While scholarships are awarded primarily upon the grades earned in academic subjects or on the basis of examinations, other factors are also given consideration. These secondary factors are citizenship, participation in activities, vocational choice or inability to finance the education desired. The general attitude among personnel working with scholarship policy problems is that scholarships are to help students, and District high schools want to do as much for students as possible.
